

### Join us for a Practical Introduction to Dry Stone Walling Workshop

Creative, purposeful and practical, dry stone walling is the ancient art of balancing stone upon stone, to create versatile solid structures which harmoniously withstand the test of time and nature.

#### What you will learn:

- Dry Stone: A brief history and contemporary uses
- The authentic principles of dry stone work and applied construction techniques
- Tool use and stone shaping

*Successful completion of an Introductory workshop also entitles you to attend Advanced workshops, Practice events, and Exam preparation workshops.*

#### What is provided:

- A professionally qualified instructor with groups limited to 10 people
- Tools, safety glasses and sun protection
- Lunch, refreshments and subsidized accommodation
- Access to ongoing project support, and a certificate of completion

*There will also be an opportunity to purchase specific tools, resources and merchandise.*

#### What you will need to bring:

- Hat, gloves, and strong footwear (preferably steel toed)
- The desire to create

#### Venue

Glenrock in the foothills of Mount Arthur. Our purpose-built training venue has several shaded training walls built from a variety of stone, so that we can meet the needs of different levels of experience and aspiration.
